The announcement also stated that the government had introduced new testing and COVID-19 vaccination measures at Dzaleka Refugee Camp in Dowa. The new testing measures have also been implemented in all points of entry (*The Daily Times*, 30-Nov-2021).
- The Life and Pensions Association of Malawi (Lipam) has said that the draft Pensions Bill Amendment of 2021 will fuel old age poverty. - The World Bank has indicated that COVID-19 remains a huge risk to cross-border trade and flow of remittances to Malawi and Sub-Saharan African countries, a move that threatens households' welfare. The World Bank further indicated that the situation remains critical in the absence of sufficient quantities of vaccines, human capital and logistics capacity (*The Nation, 30-Nov-2021*).
- The Malawi Energy Regulatory Authority (MERA) says consumers will have to wait until January 2022 to benefit from the global fuel price drop if the current trend is sustained. The remarks come in the wake of falling global oil prices, which declined to a 3-month low and the biggest one-day drop of 10% since April 2020 (*The Nation*, 1-Dec-2021).
- The Ministry of Mining has set a target to grow the mining sector's contribution to gross domestic product (GDP) to at least 10% in the short to medium term.
